SPECIAL INSTRUCTIONS

All specimens listed herein are guaranteed genuine and grading is liberal.

Bid by the piece except where the price is for the lot and in such cases it is O. K. to bid a lot figure.

There is no charge for executing your bids. You save a considerable amount in the course of a year as most firms demand it.

Bidders sending bids for the first time will kindly send references which will be investigated before shipments are made. Remittances are expected promptly on receipt of goods. I have been unusually fortunate so far in only dealing with people who are prompt.

In my No. 6 list I left off prices of most lots and so many patrons were disappointed I have again adopted the rule of pricing everything listed and shall continue to do so in future. I am now satisfied it pleases most all patrons.

I need about \$5,000. worth of really good material for my February sale, and patrons who know of collections for sale or parties who are thinking of sending their collections to auction house, to send me this information. You will find I give fair treatment and make prompt returns.

Send in the lots you wish to sell and I will notify you immediately if accepted. If I feel my trade would not take them at this time, I will return immediately by insured post and no expense to you. My terms are as low as good service can be rendered. The cost of printing and mailing catalogues like this is from \$125 to \$150 per issue, hence I do not care to list any poor or very cheap material. Most of my patrons want the best and I can place right now several thousand dollars worth of fine material if offered.

I wish to buy all good U. S. A. Silver offered and if you wish to sell dollars, halves, quarters, etc., mail them to me for examination or if large lot send by express and I will make an appraisal at once for you at no cost, if the goods are for sale.
